The college recognises its' responsibility to set students on the path that will secure the best outcomes to enable them to progress in education and work and give employers the highly skilled people they need.
- 1.2 This policy details the College's commitment to students, and it's arrangements for managing the access of providers to the College for the purpose of giving them information about the provider's education or training offer. The College endeavours to ensure that all students are aware of all routes to higher skills, and are able to access information on technical options and apprenticeships.

- 2.1 In accordance with the College's Equality and Diversity Policy, the development of this policy complies with the Equality Act 2010 in ensuring due regard to eliminating discrimination, advancing equality of opportunity and fostering good relations.

5. Statutory and regulatory requirements:

- 5.1 This policy complies with the College's legal obligations under [Section 42B of the Education Act 1997](#).

6. Policy Objectives:

- 6.1 This policy aims:
 - To develop the knowledge and awareness of our students of all career pathways available to them, including technical qualifications and apprenticeships;
 - To support young people to be able to learn more about opportunities for education and training outside of school before making crucial choices about their future options;
 - To reduce drop out from courses and avoid the risk of students becoming NEET (Young people not in education, employment or training).

7. Policy Statement

- 7.1 High quality careers education and guidance is critical to young people's future, helping prepare them for the workplace by providing a clear understanding of the world of work, including route to jobs and careers they might find engaging and rewarding.
- 7.2 As the number of apprenticeship rise per year, it is important that all young people have a full understanding of the options available to them post-16 and post-18, including wider technical education options such as T-Levels and Higher Technical Qualifications.
- 7.3 This policy and procedure does not relate to work experience, placements and observations undertaken as part of course requirements.

8. Implementation of Policy:

8.1 *Student Entitlement*

All students aged 16 – 18 are entitled:

- To find out about education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point;
- To hear from a range of local & where appropriate national providers about the opportunities they offer, including technical education and apprenticeships – through options events, assemblies and group discussions and taster events;
- To understand how to make applications for the full range of academic and technical courses.
- For students particularly those that have not yet decided on their next steps, there are two provider encounters available during this period, which are optional for pupils to attend.

These provider encounters will be scheduled during the main college hours and the provider will be given a reasonable amount of time to, as a minimum:

- Share information about both the provider and the approved technical education qualification and apprenticeships that the provider offers
- Explain what career routes those options could lead to
- Provide insights into what it might be like to learn or train with that provider (including the opportunity to meet staff and pupils from the provider)
- Answer questions from pupils.

8.2 *Meaningful Provider encounters*

One encounter is defined as one meeting/session between students and one provider.

The College is committed to providing meaningful encounters to all students using the [Making it meaningful guidelines](#), produced by the Careers and Enterprise Company.

8.3 *Live or Virtual Encounters*

Meaningful online engagement is an option and we are open to providers that are able to provide live online engagement with our students. The College will consider live online encounters with providers where requested, and these may be broadcast into

classrooms or hall spaces. Technology checks in advance will be required to ensure compatibility of systems.

Providers are welcome to leave a copy of their prospectus or other relevant literature with the centre librarian or alternatively to post any relevant information to any of our centres and addressed to the Careers & IAG Officer

8.4 *Parents and Carers*

Parental involvement is encouraged, and parents may be invited to attend the events to meet the providers.

8.5 *Opportunities for Access*

The college offers the two optional provider encounters required by law and a number of additional events, integrated into the school careers programme. We will offer providers an opportunity to come into school to speak to pupils or their parents or carers. The Careers & IAG Coordinator or Careers Leader will be able to identify the most suitable opportunity for students.
